# STEPS: Define your own implementation path

1. **What are the main steps when implementing EOL at your school? Choose ten bricks.**
2. **Arrange and place them on the pathway. Beware of the links between steps 1, 7 and 11.**
3. **Plan your global pathway**

EOL is based on this key definition: "Learning environment refers to the **diverse physical locations, contexts**, and **cultures** in which **students** learn.[1]" The team inventoried all the various steps partner schools went through while implementing EOL. Here are the most frequent ones classified by colour: **structures**, **cultures** and **people**.

Set priorities | Change organization | Extend qualifications | Inform school committee | Set up a quality management | Make a diagnosis

Agree on common goals | Implement the project | Train staff | Write the project | Support prof. development | Raise funding

Identify opportunities | Discuss and vote | Find a project title | Analyse Impact mecanism | Install a control group | Include parents

Look for partners | Extend the network | Value all actors | Involve students | Formulate guiding principles | Motivate people

Invest in new tools | Share values | Invite experts | Value languages | Explore transfer options | Write communication plan
