Meeting report

In the three weeks after the event, please complete this report. It contains two sections:

1. **Reporting:** this is intended as a feedback on the event, on what was learnt, on how the event will affect your work and on how it will be disseminated. In addition to the ECML National Nominating Authority and the National Contact Point in your country the ECML will use the report¹ in the "Experts involved in ECML activities" section of each ECML member state website (please see <http://contactpoints.ecml.at>).

This section should be written in one of the project's working languages.

2. **Public information:** this is intended as an information on the ECML project and its expected value for your country. The content should be of interest for a larger audience. Thus it should link up to interesting publications, websites, events etc. which were discussed on the occasion of the workshop or which are relevant in your country. The public information should be a short, promotional text of about 200 words.

This section should be written in (one of) your national language(s).

The completed file should be sent to

within the given deadline.

¹ Only if you authorised the ECML to publish your contact details.

1. Reporting	
Name of the workshop participant	Marina Kopilovic
Institution	"Stevan Sremac" Primary School, Belgrade, Serbia
E-mail address	marinakopilovic@yahoo.com
Title of ECML project	<i>Inspiring language learning and teaching in the early years</i>
ECML project website	www.ecml.at/inspiringearlylearning
Date of the event	12 / 13 September, 2018
Brief summary of the content of the workshop	The workshop offered great ideas to support teachers and educators in preparing young children to successfully respond to cultural and linguistical diversity of the world today. It also offered useful tips on creating learning scenarios to fit different contexts ranging from the largely monolingual to the fully plurilingual.
What did you find particularly useful?	The opportunity to share different ideas and experiences. The examples of teaching/learning scenarios provided by the trainers as well as participants from different countries were interesting.
How will you use what you learnt / developed in the event in your professional context?	I will probably try out most of the suggested techniques and activities with the children I am teaching at present.
How will you further contribute to the project?	My plan is to send my lesson plans or descriptions of the lessons I have done with my own students to the project team to show how all the principles we defined in the workshop can be applied in teaching practice. I would be happy to see them uploaded on the project website.
How do you plan to disseminate the project? <ul style="list-style-type: none"> - to colleagues - to a professional association - in a professional journal/website - in a newspaper - other 	I already organized a meeting with my school colleagues on 16 September where I shared what I had learned in the workshop. I am going to disseminate the project by presenting the ECML website and the ideas in the seminars I will conduct in the next 12 months all around Serbia. All the seminars are accredited by our Ministry of education.

	<p>I am going to deliver a speech or a workshop on ELTA conference in May, 2019.</p> <p>I am also going to write articles and publish them on local websites one of which is: http://www.dsiksrbija.rs (the Society for Foreign Languages and Literature of Serbia)</p> <p>I will probably think of some more ways to disseminate the project.</p>

Short text (about 200 words) for the promotion of the ECML event, the project and the envisaged publication with a focus on the benefits for target groups. This text should be provided in your national language(s) to be used for dissemination (on websites, for journals etc.).

Dana 12. i 13. septembra, 2018. godine, održan je seminar u Gracu na temu *Inspiring language learning and teaching in the early years*. Seminar je organizovao Evropski centar za modern jezike (ECML www.ecml.at/inspiringearlylearning) sa sedištem u Gracu. U prijatnoj radnoj atmosferi, sa oko četrdeset učesnika iz gotovo svih zemalja Evrope, a u duhu razvijanja svesti o multikulturnosti savremenog sveta, razgovaralo se o potrebi učenja stranih jezika od najranijeg uzrasta, o načinima motivisanja dece i osnovnim principima rada sa decom na uzrastu od 3 – 12 godina.

Voditelji su kroz diskusiju, iz različitih uglova (kao praktičari i teoretičari) i praktične primere realizovanih časova (video zapisi i fotografije) dali dobru osnovu za dalja razmišljanja i razradu osnovne ideje ovog projekta.

Učesnici su s velikim netuzijazmom delili svoja iskustva, probleme i izazove.

Na gore navedenom sajtu (u resource platform), mogu se videti raznovrsni sadržaji koji se odnose na potrebna teorijska predznanja, primere dobre prakse, osnovne principe u radu sa decom od 3 – 12 godina i sl.
