Meeting report

In the three weeks after the event, please complete this report. It contains two sections:

1. **Reporting:** this is intended as a feedback on the event, on what was learnt, on how the event will affect your work and on how it will be disseminated. In addition to the ECML National Nominating Authority and the National Contact Point in your country the ECML will use the report¹ in the “Experts involved in ECML activities” section of each ECML member state website (please see <http://contactpoints.ecml.at>).

This section should be written in one of the project’s working languages.

2. **Public information:** this is intended as an information on the ECML project and its expected value for your country. The content should be of interest for a larger audience. Thus it should link up to interesting publications, websites, events etc. which were discussed on the occasion of the workshop or which are relevant in your country. The public information should be a short, promotional text of about 200 words.

This section should be written in (one of) your national language(s).

What did you find particularly useful?	The intention of the LINCQ project to connect the business sector with the language expertise and to integrate language expertise into corporate quality programmes, as well as to try to make the business sector aware of the importance of language proficiency assessment (the majority of them are not even aware of the existence of CEFR for languages!?)

Radionica *Learning Through Languages – Promoting inclusive, plurilingual and intercultural communication: Languages in Corporate Quality – LINCQ*, održana u Europskom centru za moderne jezike u Grazu, 21. – 22. studenog 2013. imala je za cilj ne samo promovirati i diseminirati višejezičnost kao ključno gledište korporativne kulture među svim dionicima u široj poslovnoj zajednici, nego i osvijestiti dionike o nužnosti poticanja kompetencije u jezicima i njihovim pripadajućim kulturama kao sastavni dio korporacijske kvalitete. Dakle, skrenuti pozornost sa gledišta jezične stručnosti kao sredstva za zadovoljenje ekonomskih ciljeva neke tvrtke na osiguranje korporacijske kvalitete poticanjem izvrsnosti u poznавању jezika zaposlenika dotičnih korporacijskih sustava. Kako većina poduzeća javnog i privatnog sektora i dalje ima ograničeno poznavanje i razumijevanje sadašnjih pristupa poučavanja jezika, načina poučavanja i vrednovanja, te certificiranja poznavanja jezičnih vještina, projekt LINCQ se usredotočio na sljedeće:

- Razvoj ciljanih alata i resursa za podršku poslodavcima privatnog i javnog sektora, korporativnih odjela za trening i zapošljavanje djelatnika (odjeli ljudskih resursa), predstavnika poslodavaca za vrednovanje zaposlenika i priznavanje kvalifikacija jezičnih kompetencija (uključujući pri tome formalno (različiti certifikati/uvjerenja o poznavanju jezika) i neformalno poznavanje jezika (neformalno jezično iskustvo, osobni jezični portfolio, tablice samoprocjene osobnih jezičnih kompetencija, intervju i slično),
- Uz povratne informacije prethodnoga koraka, pripremanje smjernica i predstavljanje učinkovitih primjera jezične politike, te kriterija na kojima se navedena politika temelji,
- Poticanje organizacija na oglašavanje svoje višejezičnosti kao značajnog elementa korporativne kvalitete. U svrhu postizanja navedenog, uključivanje kvalitetnih organizacija za certificiranje jezičnih kompetencija u projektne aktivnosti.
